

A320 Initial Type Rating Course

The A320 type rating covers the A319, A320 and A321 series aircraft.

A320 Initial Training Program, Part 61

The A320 Initial Type Rating Program includes:

- A320 Systems Manual
- AvSoft A320 Quick Study Guide
- 3 page Cockpit poster set
- FMC web-based training
- WorldWide Student Manual containing:
 - Training Procedures
 - Training Maneuvers
 - Training Profiles
 - WorldWide A320 Checklists

- 35 hours of web-based A320 systems course (75 hours/1 year access)
- 50 hours instructor-led groundschool
- 6 hours Crew Systems Integration (CSI)
- 31 hours Full Flight Simulator (FFS), this time includes your checkride. (17 hrs. Pilot Flying (PF) and 14 hrs. Pilot Monitoring (PM)).
- 4 hours LOFT (2 hrs. PF and 2 hrs. PM)

Our courses are designed around Part 121 air carrier training, the latest FAA approved training scenarios and safety. Our instructors are current or were previous line check airmen, line pilots, simulator instructors and groundschool instructors for Part 121 air carriers. They bring extensive knowledge and experience to the training environment which will assist you in the learning environment. Our goal is to have crewmembers not only successfully pass their checkride, but also instill confidence, safety and the expertise to take with you in your future endeavors.

Event	Total Hours
Web-Based Systems Training	35.0 Hours
Groundschool	50.0 Hours
Crew Systems Integration	6.0 Hours
