

## CL-65 Initial Type Rating Course

\*The CL-65 type rating covers the CRJ-100, 200, 700 and 900 model aircraft, as well as the CL-850 (CRJ-200), 870 (CRJ-700) and 890 (CRJ-900) aircraft.

### CL-65 Initial Training Program, Part 61

The CL-65 Type Rating Program includes:

- CRJ Systems Manual
- AvSoft CRJ Quick Study Guide
- 3 page Cockpit poster set
- FMS training CD
- WorldWide student manual containing:
  - Training Procedures
  - Training Maneuvers
  - Training Profiles
  - WorldWide CRJ Checklists
  
- 35 hours of web-based CL-65 systems course (75 hours/1 year access)
- 50 hours instructor-led groundschool
- 6 hours Crew Systems Integration (CSI)
- 4 hours Flight Simulation Training Device (FSTD) or Integrated Procedures Trainer (IPT)
- 23 hours Full Flight Simulator (FFS), this time includes your checkride. (13 hrs. Pilot Flying (PF) and 10 hrs. Pilot Monitoring (PM)).
- 4 hours LOFT (2 hrs. PF and 2 hrs. PM)

Our courses are designed around Part 121 air carrier training, the latest FAA approved training scenarios and safety. Our instructors are current or were previous line check airmen, line pilots, simulator instructors and groundschool instructors for Part 121 air carriers. They bring extensive knowledge and experience to the training environment which will assist you in the learning environment. Our goal is to have crewmembers not only successfully pass their checkride, but also instill confidence, safety and the expertise to take with you in your future endeavors.
