

CL-65 Regional Jet Transition Training Program

The CL-65 RJ Transition Training Program includes:

- AvSoft CRJ Quick Study Guide
- 3 page Cockpit poster set
- FMS training CD (25 Hours)
- WorldWide Student Manual containing:
 - Training Procedures
 - Training Maneuvers
 - Training Profiles
 - WorldWide CRJ Checklists
- 35 hours of web-based CL-65 systems course (75 hours/1 year access)
- 16 hours instructor-led groundschool
- 8 hours Crew Systems Integration (CSI) of which 4 hours are in the Flight Simulation Training Device (FSTD)
- 4 hours Flight Simulation Training Device (FSTD) or Integrated Procedures Trainer (IPT)
- 2 hours – Oral examination on CL-65 systems knowledge
- 24 hours FSTD, this time includes your “checkride”.
- 2 hours interview prep with one of our instructors

Our courses are designed around Part 121 air carrier training; the latest FAA approved training scenarios and safety. Our instructors are current or were previous line check airmen, line pilots, simulator instructors and groundschool instructors for Part 121 air carriers. They bring extensive knowledge and experience to the training environment which will assist you in the learning environment. Our goal is to have crewmembers not only successfully pass their checkride, but also instill confidence, safety and the expertise to take with you in your future endeavors.

Event	Total Hours
Web-Based Systems Training	35.0 Hours
Groundschool	16.0 Hours
Crew Systems Integration (Total)	8.0 Hours
